OPENING BIDS

1♣	a) 11–14 balanced without 5-card M (Can be 5♦332) b) 11+, 5+♣ unbalanced or any 4441 (With 4♣) c) 11+ 4414 or 1444
1♦	a) (10)11+ with 5+♦, unbalanced b) 4441 or 4144
1M	5+M
1NT	(14)15–17 balanced
2♣	a) 18–19 balanced b) 24+ balanced c) any FG hand
2♦	a) Weak with 6M 4–7 VUL, 7-10 NV b) 22–23 balanced
2M	8–11, 6M VUL, 5M-4m NV
2NT	20–21 balanced
3X	Preemptive
3NT	Very good 7+M, can have one outside H
4X	Preemptive
4NT	Asking KC

RULES AND DEVELOPS

DEVELOP A

3♣ 64, 55, 74, 65 >> Relay

(Only over 1♠-2♣-2♥-2NT, and over 1M-2♦-3♣)

6+4 >> R >> | 64 Min o Max

| 64 Med

| 74 Max/Med/Min (4M)

55 Min or Max

55 Med

65 Max

65 Med

65 Min (4M)

3♣ 64, 74, 65 (The most common develop) >> Relay

6+-4 L Min+

6+-4 H Min/Max

6-4 H Med

65 Max

65 Med

65 Min (4M)

3♦ 54 ShL >> | Relay >> 5-4 Min/Max

5-4 Med

| 3♠ = Set lowest game >> Min, Med+

3♥ 54 Sh H >> | Relay >> Min

Med +

| 4♣ = Set lowest game, if is a possible situation of 3 suit

3♠ 22 Min or Max

3NT 22 Med

** These are 2 situations of 3 suites: 1M-2♦-3♠/NT; 1♦-2♣-2♠-2NT-3♠/NT*

Range

Over 54: 12-14 or 18+

15-17

Over 64/55: 11-13 or 17+

14-16

Over 65, 74: 10-12 or 15+

13-14

Over fit you take ½ point.

Over 12-14 Bal range are 12-15, 16-17, 18+

DEVELOP REVERSE

3♣ = 3 Suit >> Ask 4441/544/544
3♦ = 54 >> 3♥ = Ask cards in my suit >> 1/2/3
3♠ = Ask stop
3♥ = 64 with short in my suit >> 3♠ = Ask Stop3
3♠ = 64 with short in the 4th suit
3NT = 544 if it is possibile

RULES 3SUIT

Situation of 3 suits can be created usually with 2minors and 1Major.

Over 3♠/NT

4♣ Set the lowest game

4♦ Set the second lowest game

4OM Set the third game

We avoid to create 3 suit situations:

Over 3♦ = 3 Suits

If 3 suites are possibile we are force to bid 3♠ that set ♠ or the lowest game.

Over 3♥ = 3 Suits

If 3 suites are possibile we are force to bid 4♣ (or 3♠ if is not Relay) to set the lowest game

Over 3♥ = 54 Sh H

If 3 suites are possibile we are force to bid 4♣ to set the lowest game.

Over 3♥ = Defined

3♠ = If is not a Relay, set always ♠ or the lowest game.

RULES SHS

We play L/H/22 or L/M/H/22 except over 1 suited showed below 3nt, then become 22/L/M/H or 22/L/H.

- We play short in scale over e relay
- We use use trsf splinter:

  With ♥: 3♠ = Short ♠, 3NT = Short ♣, 4♣ = Short ♦, 4♦ = Void ♦

  With ♠: 3NT = Short ♣, 4♣ = Short ♦, 4♦ = Short ♥, 4♥ = Void ♥
- Short L/H, Void L/H
- 3X fit slam try, over 10 cards if range is not defined >> | 3X+1 = Min >> Ask L/H/H
  | Short L/H
- When we show a short: First step = max (shows no ace in the suit if can be a void)
  Second step = med (shows A in the suit if can be a void)
  Third step = Shows no ace and med hand if can be a void

RULES 65

Over 3♦ 3♥ = R >> L/H/11

3♠ = 6+M (If is possible)

Over 3♥ 3♠ = Set ♥ >> VL/VH/No Void

4m = to play

4om = Set minor >> OPCK

Over 3♠ 4♣ = Trf over 1♦ >> 4♦ >> Pass or ISL ♠

4♣ = ISL ♠ over 1♣ >> Cue = void

4♦ = Set the minor

1 SUITED

If we show below 3NT we shows No Sh >> Ask 5/6 or (6/7 if 5332 not possible), Sh L/M/H/H

First step ask strength. If 3♠/NT are available then we use 3♠ = Min/Max and 3NT = Med

If only 3NT is available then we use 3NT as min, and 4♣ as med+

DEV 3 CARDS

1° Step = 6 >> | R >> 1c/2c/3c/The 3NT bid Stronger

| 3♠ = Fit in the 6M

2° Step = 5332 >> | R >> 2c/3c/The 3NT bid Strong**er**

| 3♠ = Trf to 3NT or Fit if NT are already bid

3°/4° Step = 6+3c Short L/H

FIT OVER UNBAL

When we give fit and we are bal, then partner shows shortness: L/H/22

When we give fit and partner can be unbal, most common case, first step ask, second/third step shows shortness L/H

1♣ OPENING

1♦/♥ 4+♥/4+♠

Cue = Ask >> | 5M = 2 losers
| 1° step = Cue
| 2° step = Ace
| 3° step = Void

4♥/♠ P/C

SLAM AUCTIONS

Principles on setting suits

- When multiple suits are possible as trump suits, the first available bid always sets the lowest game suit as trumps.
  Exception:
  - When 3♠ is available, 3♠ always sets ♠.
- After a suit is set as trumps, the continuations are as follow:

<u>When a major is set as trumps</u>

- The first priority is to show/ask for shortness (shown L/M/H/No).
- If we already showed our shortness or if the major is set with 3NT or higher, we continue bidding cuebids and last train. If only one bid is available under 4M (example: we are in 4♣ with ♥ as trumps), that bid (4♦) is last train. If more than one bid is available under 4M (example: we are in 4♣ with ♠ as trumps), the lowest bid is a cue-bid and the next bid denies a cue in the lowest suit but shows interest in slam. Over the cue bid, the next bid is also a cue-bid that asks for extras for slam, but 4M-1 is always a last train.

- The same logic of last train applies when a major is set as trump (for instance, by a splinter), and we have two or more spaces below 4M after the opener has reacted to the shown splinter.
- 4NT is always RKC in ♠, 4♠ = RKC in ♥

When a minor is set as trumps

If a minor is set as trump with 4♣ or 4♦:

- 1st step = Minimum, Cue = I'm not minimum but not strong enough to KC, 4♠ (For ♣) /4NT (For ♦) = Ask Kc, is the best hand
- After the 1st step (= Minimum), continuation are Kc is always 4♠ (For ♣)/4NT and other are last train/S.O. (In ♦ to sign off in 4NT need to bid 4♠). If only two space then only Kc and last train.
- After the Cue bid continuation are Last train or Kc, according to to space we have. Kc is always 4♠ (For ♣) /4NT (For ♦). If only one step available under 5m, then is Last train.

If a minor is set as trumps with 4♥ or 4♠:

- Nota bene: 4NT is only to play if we have KC and a last train bid available (the last train can be 5m, see 2NT – 4M; 5m).
- If a minor is set as trumps with only two steps available under 5m (i.e. we set clubs with 4♥), the 1st step is KC and the 2nd step is last train.
- If a minor is set as trumps with only one step available under 5m (i.e. set clubs as trump with 4♠), the step is last train.

- Raising 3m to 4m is always forcing and slam going. To bid 4m invite, we need first to bid 4th color and ask stop, and over 3NT bid 4minor.
- If a minor is set as trump in a NF situation, the same rule applies as in forcing situations.
- If the opponents double a cuebid, Pass = worry, asking for Rdbl with the A, bidding = no worry, normally cue or Q of the suit.
- If the opponent's double a last train bid, Pass = worry (including with the Q).

Asking for keycards

- 4♠/NT is generally asking for keycards.
- When a minor is trump, we sometimes use 4♥ or 4♠ to ask for keycards (see Principles on setting suits).
- If you were not able to KC on a lower level, bidding 5 above the trump suit is KC.
- We only play RKC with 6 KC if a) we have promised a double fit in the bidding, or b) one of us has shown 5-5 and we don't have enough steps below 4NT to set a suit.

<u>General responses</u>

1st step	1 or 4 (or 6) KC
2nd step	0 or 3 (or 5) KC
3rd step	2 KC without the Q of trump
4th step	2 KC with the Q of trump
5th step	Odd amount of KC with a void
	Relay = Ask for void (if not clear), otherwise asking for Q of trump
Higher bid	Even amount of KC with a void (bid naturally).
	If the void is clear, 6 trumps denies the Q of trump.

<u>Asking for the Q of trumps</u>

The first relay over step 1 or step 2 asks for the Q of trump.

5 trump/6 trump denies the Q, 1st other step shows the Q and a) No K or b) lowest K. Next steps show kings M/H. If 4 steps are available 1st step = No, 2nd/3rd/4th = L/M/H K.

Example: 5♣ = 1 or 4 – 5♦ = Asking for the Q of ♥; 5♠ = ♥Q and no K, 5NT =♣ K, 6♣ = ♦K, 6♦ = ♥ K, 6♥ (6 Trump) = No Q but still wants to play slam.

<u>Asking for kings</u>

The first available bid that isn't asking for the Q of trumps or is 5 trumps is asking for kings. 1st step = No K or low K, 2nd/3rd step = M/H K. If you don't have a K and nothing else extra for your partner, you can bid 6trumps right away. If 4 steps available, the 4th step = No K and no extras (you can still bid 1st step if you have extras).

Grand slam tries

After asking for KC, we use available bids according to these priorities:

1. Asking for the Q of trumps (priority 1)
2. Asking for kings (priority 3)
3. General grand slam try (showing extras) (priority 2)
4. Small grand slam try (we have all aces but I don't have anything extra) (priority 5)
5. Pick a slam (normally between 6M and 6NT) (priority 4)

If they interfere over RKC

We always play D0P1 (Dbl = 0 or 3, Pass = 1 or 4, 1st bid = 2 without the Q,
2nd bid = 2 with the Q). We don't play R0P1 (XX is penalty, otherwise we ignore)

Exclusion KC

We only play exclusion KC when we make a jump splinter to the 5-level showing a void, (or 4NT when we are in ♥) in or when you bid a new suit on the 5-level in a non-cooperative bidding (i.e. 1NT – 4♦; 4♥–5m).

Responses:

Steps 0/3 KC, 1 KC, 2 KC without the Q, 2 KC with the Q

2♠ Weak t/o

2NT Natural

1♣ - (1♠) - 2♣ - (2♠) - P - (P)

X	Invite
2NT	Weak t/o

GENERIC AGREEMENTS

FAST ARRIVAL

We play fast arrival only when opponents X our support bid. But over a choose a game bid shows length in a suit. Otherwise pass is minimum

(3NT) - X

Lead in your shorter Major

WHEN THEY DOUBLE OUR 3NT

1NT - (P) - 3NT - (X lead for a Major):

XX	Stop and max
Pass	No stop or stop and min >> XX = Ask what to do

When they double our 3NT in a GF auctions and we have points.

XX	Max
Pass	Nothing to say >> XX = Ask what to do
Remove	Natural

When they double our 3NT and have no idea if we have points (Basically when one of us bid 3nt and partner didn't shows value).

XX	To escape from both hands

When they double our 3NT and we have some values but not really sure how much.

XX	If is bid from the once that had bid 3NT, shows volunteer to play
XX	If is bid from the partner that bid 3NT is to escape
Pass	Nothing to say >> XX = Ask what to do

2♣ GAZZILLI - (X)

XX	To play
Pass/2♦	8+ without/with stop
Other	System on

2♣ GAZZILLI - (P) - 2♦ - (X)

2M	Min with/without stop
Pass/bid	15+ without/with stop.
XX	To play

RELAY - (X)

Pass	No stop
Bid	Promise stop (short if fit is guarantee)

1X – (1/2/3Y/X) - TRSF AT 2 LEVEL - (X)

Pass	Short
Bid	2/3 Cards
XX	Good fit

2/3X – (2/3Y/X) - TRSF - (X)

Pass	Short
Bid	2 cards
XX	Good Fit

FORCING SITUATIONS

- (3♥/♠) - X - (5♥/♠, also if it is bid later) (6♥/♠ * If bid by passed hand)
- (3/4/5♣/♦) - X - (6♣/♦ * If bid by passed hand)
- (3/4♣/♦) - X/3/4Y- (5♣/♦ * If bid by passed hand)
- (2/3♥/♠) - X - (4♥/♠ * If bid by passed hand)
- When they are clearly sacrificing
- When we showed a limit hand or we do a splinter (not by PH) over partner open, at 5 level is forcing.
- 1M - (P) - 2NT - (4♥/♠): Is forcing

Pass Penalty or strong.

Double Want to play

When opp bid slam and we are in a clear situation where the sacrifice is cheap for sure or we bid at 5 level and then they bid 6 (that is below our 6)

Double 1 tricks

Pass 0/2 tricks >> | Double with 0

| Bid with one

| Pass with 2

When the sequence is NF double is lightner if bid from the preemptive, when p is on lead, otherwise still shows 1 trick.

VOID CUE BID

If we give a short, make a cue shows the void (Not ace stiff)

T/O DOUBLE OR LEAD DIRECTION

T/O:

- Always t/o if not passed hand (also over a trsf bid, but not over strong NT at 2 level)
- Passed Hand still t/o these situations: 1M-2/3/4X (Fit)

  (1/2X) - P - (4Y = Trfs to 4Major)

  (1♣ strong) - P - (1♦)
- Over trsf or stayman when weak nt 12-14 or less (not 13-15)

LEAD DIRECTING:

- Over a relay or a cue bid
- (1X) - P - (2♣/Y GF) when doesn't promise 4+
- 1♣ - (1X) - P - (2♣) - X
- If we are passed hand (Except situations mentioned above)
- Over trsf or stayman over 13-15 or more NT

ASK FOR A DIFFERENT LEAD:

- Don't want the lead from who bid the suit or have supported.

STOLEN BID:

- (1x) – 1M – (2M) or similar auctions: stolen Bid.

PASS AND THEN X:

T/O:

- When opp promised at least a 9 card fit, Eg. (1♠) – P – (4♠) – P – (P)
- When opp didn't promise fit but points it shows a big distributional hand,

Eg. (1NT) – P - (4♦ TRSF) – P – (4M) (Direct double weak t/o, Pass and double intermediate T/O, double and double stronger t/o)

POINTS:

- When opp didn't promise fit and points, Eg. (2/3♠) - P - (4♠) – P – (P)

WHEN 2 CUE BID AVAILABLE

- When two cue are available we ask stop.
- In general the lowest cue shows 3 cards and the second 4 cards support
- If 2 cue and 2NT, then opening hand cue is mixed raise, other cue is 3 card raise
- When 2 cue available and still no fit are shown we use logic (means if both suit can be play at two level is L/H, if only one can be play at 2 level, we prioritize the economic one)

WE OVERCALL MICHALES

3NT Ask the minor.

4m Fit showing with the Major. Partner will goes to 5 level if he has that minor.

2NT 64

When ♥ are possible, then 2NT is only with ♥, Eg. (1♠) - 2♣ - (2♠) - P - (P) - 2NT = 6♣-4♥

If both minors are possible then is 64m.

OPPONENTS XX

When partner X second position and opponents XX, pass is penalty over 1♣, nothing to say over 1♦/♥/♠.

Pass is always penalty when you have the trump on the overcall, nothing to say when is with the trump under (but normally can effort the pass from the partner)

DEVELOP ASK STOP

When opp double our asking stop:

3NT	1½+ Stop
XX	No Stop
Pass	1 Stop or ½ Stop >> XX = Ask
Bid	Shortness

Also applies in the following situations:

1♣ – 2♠ – (Dbl)

1♣ – 1♠; 1NT – 2M* – (Dbl)

1♣ – 2♣; 2♦ – 2M* – (Dbl)

1NT – 2NT; 3♣ – 3M* – (Dbl)

2NT – 3♣; 3♦ – 3M* – (Dbl)

2NT – 3♠ – (Dbl)

2NT – 3♣ – 3♥ – 3♠ (Dbl)

* This is when we are in a GF situation. If the range of both is still unclear, then: XX = GF, Bid = Stop, Pass = Nothing to say (Maybe half stop) , Bid = extra length

DOUBLES

DEDUCTIVE DOUBLE

Pass	1/4 >> Partner double is penalty only at 1 level
Double	shows 2/3 cards

- 1X - (X) - (XX). If opponents jump, the sequence is NF.
- If opponents first pass and then X at level one or two, XX by partner create a forcing situation Eg. 1X - (P) - 1Y - (P) - 1/2Z - (X) - XX
- 1m - (P) - 1M - (P) - 2M - (X) - XX NF situation, double would like to penalize
- If the XX hand is unlimited: 1M - (P) - 2M - (X) - XX Forcing situation
- 1X - (1NT) - (X) - (2Y). If 2Y is a transfer, double shows exactly 3 cards in the transfer suit, then double from partner is penalty (This for penalty when we have 33).
  But over 2M that shows 5 we are not forcing.
- (1NT) - X - (2Y TRSF) - X = Points, create a forcing situation.
- (1NT) - X - (P) - P - (XX/2Y). Is a forcing situation, pass over 1NT X promise points.
- 1NT - (2X = 2M+) - X - (P/2Z). Then 2NT is F over the multi and is a lebensohl
- 1NT - (2X = Majors) - X - (P/2Z). Then 2NT is NF, not a lebensohl

T/O DOUBLE

- In forcing situation at high level double want to play and pass is penalty or slam try.
- (1NT) - X - (2Y NAT) - X = T/O. Pass = NF over Major, F over a minor
- 1X - (2Y) - P - (P) - X - (P) - P - (XX/2Z). The sequence is not forcing.
- In competition we always use double and rdbl with the meaning I want to compete. We give this as priority as ask for another lead.

DOUBLE SUGGESSTING A PENALTY

If opponents X when and a limited hand XX. We are not forcing situation, and the double suggest a penalty.

1M - (P) - 2M - (P) - P - (X) - XX NF situation, double would like to penalize

1m - (P) - 1M - (P) - 2M - (P) - P - (X) - XX NF situation, double would like to penalize

PENALTY DOUBLE

- 1X - (P) - 1NT - (P) - P - (2X) - X
- (1X) - P - (1M) - P - (1Z) - X - (2M) - X
- The opener of 1/2NT at level 4/5 double penalty if the sequence is NF

TWO WAY DOUBLE

- (1X) - P - (P) - X - (2X) - X: Partner understand from how many cards he has.
- (1X) - P - (1Y) - X - (2X) - X: Partner understand from how many cards he has.

DOUBLE ASK ANOTHER LEAD

When we bid a suit and then we double the cue bid we want another lead. If we didn't bid or support the suit, then the double ask the lead.

LEADS AND SIGNAL

We play UDCA signal

Discard also udca.

Remaining count is standard on the remaining cards.

Normally we play count except agreed situations, or suit preference.

In NT we play smith (means low like the lead) If the suit is solved, then is suit preference.

f partner lead and then switch an other suit, I do suit preference on the second suit.

When there is a long suit in dummy (isolated or semi isolated) and there is need of count, we play count and then we make smith.

With 4 cards we switch second or first. 10 or J are std on the lead and on the switches.

After we lead we play count on the remaining also with Honors. Eg. With KQx we will lead King and play Q after. With KQxx we lead K and play small later, with KQJx we lead K and play J later.

When you lead in partner suit of at least 5 cards we play lavinthal.

We play lavinthal over sngl/void in dummy or when we know about sngl/void of declarer.

When we have to play an Honor, giving a ruff to partner we play odd for High, low for even (up to 10).

Switch are 3/5th. In Nt can be attitude as well

In NT when we win the tricks and we have 4 cards to play, we play always the second. And with 3 we normally play the third, but if need we play the highest we can effort. So with J10x we play the J for example. With 1082 the 8 or the 10.

If we lead in a suit contract, partner win first trick and play another high card that win the tricks, we play small encouraging and high for some other switch. If we have 3+ clear cards to choose (or is a suit of 5 cards of partner), is lavintahl (high, low, intermediate for continuation). When we split honors in second position, we play it with count. KQx we play K, KQxx we play Q.

SUIT CONTRACT

Leads and switch are 3/5. J or 10 lead are std. When there is Kx/Kxx or HHx we can switch attitude if the count is known.

With 5 cards we lead small, with 6 card we lead third.

If I bid the suit of 5+ card we can lead attitude if the number is clear.

If I supported partner suit we lead attitude when is known the number of cards. But from 4 small second or higher anyway.

With AK we lead A except versus preemptive or when opp shows 7 cards in a suit or 10cards or 5 level+ that we lead K. We also lead K if we have AK stiff or a side shortness

ACE LEAD OR SWITCH

Always count except these situations:

- Sngl or void in dummy or in declarer hand. In this case Lavinthal (low for low, high for high, intermediate for neutral switch - trump or continuation in the suit of the lead)
- 3 small in dummy, then is attitude.

KING LEAD OR SWITCH

Always attitude except these situations:

- Sngl or void in dummy or in declarer hand. In this case Lavinthal (low for low, high for high, intermediate for neutral switch - trump or continuation in the suit of the lead)
- Jxx+ or 10xx+ in dummy, or if he win with the A, from Axx+. In these situations we play count because we assume that opp will always win having two tricks or duck if he has the Jack in his hand. For this reason in these cases we play count.

NT CONTRACT

Leads are attitude, the lower the better, standard from honor. Q lead is either KQ or QJ, but only on the lead. Later we play the K. K lead ask for unblock or count. 9 lead promise an honor or 10 in a suit of at least 4 cards+. 10 lead is either 109, 109x or H109+. In partner suit we lead 3/5, except if we supported, in that case is attitude.

Switch later are 3/5, if 4 + cards or Ax+ or Kx+ in dummy or Qxx. Attitude vs 1/2/3 cards up to Qx. 2/4 through declares.

ACE LEAD OR SWITCH

Attitude is 0-1-2 cards. If 3 or 4 cards is count.

KING LEAD OR SWITCH

Ask count or unblock. When we switch king, from KQ+ is the same as in suit contract.

Q LEAD OR SWITCH

Always attitude. Switch Q promise always the J. So attitude also with 10.

OVERCALLS

OUR OVERCALL OF 1♦/♥/♠

Jump at 2/3	Fit showing, 3NT/4♣/4♦ are shortness (3♠ is short and 4♥ is void)
2NT	4+ cards support 10+ >> | 3♣ unbul min + | 3♦ bal med+ | 3NT = Short opener suit | 4x = 5+5 weak | Cue at 4 level is void *Over strong ♣ >> 3/4M-1 is just retrf
3M-2	7-9 (Aslo PH)
3M	0-5
Jump 3X (Opening)	Mini splinter

(1X) - 1M - (X)

We play TRF. If 2 option are available the lowest is Hxx (A/K/Q). A trf show a suit if the suit shows 2 cards, is cue if shows 3+,

(1X) - 1/2OM - (2X = Fit)

2NT = 4 limit+

1st Cue/2nd Cue if exist = 3 limit+/Mixed raise

New suit, 1 over 1 or 2 over 1	NF
New suit, 2/3 over 2 or 4 over 3 is	F

When we overcall a major over a preemptive and bid arrive at 3X level, 4 level we play same as 1M - (3X) so 4♣ is strong support, unless cue bid is available, then 4 level are natural.

Eg. (2♠) - 3♥ - (P) - 4♣ = Good raise, 4♦ = ♣, 4♠ = ♦

(3♣/♦) - 3♠ - (P) - 4♣ = Good raise, 4♦ = Nat, 4♥ = Nat

(1X) - 3Y - (P/3X) - 4X = Cue, rest is Nat

LEBENSOHL/SCRAMBLESOHL

2NT is scramble: choose a minor, weak in suit or GF with the OM. 3♣ = NF wilder range.

We play a constructive (2NT = 8+) version only in this situation: (2♦/2♥/♠) opening - X - (P).

In reopening we play the weak version.

4♣/♦ = Nat+4OM and GF hand

Over 2NT 3♣/♦ = min >> | Cue/3NT = 4° M without/with Stop

| 4♣/♦= nat Isl.

Over 3M 4♣ = Good fit, and 4♦ = Nat

When 2NT is bid in a free way shows two minors

OVER 2♦ MULTI

(2♦) 2NT = 15-17 >> Same as 2NT Opening

Pass and then X = Reopening >> Lebenshol

Pass and then 2NT = Bal that was missing a Major stop

(2♣) - 2♦ - (P) 2NT = Nat >> Trf

2♥/♠ = 5+Nat F

3♥/♠= Fit showing

3♣ = Fit a ♦ >> 3♥/♠ Nat or values

When we overcall at 2 level, a new suit at 2/3 level is F.

2NT is forcing: if well oriented can or not have a stop and has no fit, the cue shows fit. If bad oriented, must have stop with or without support, cue shows no fit, no stop.

If two cue bids are available, the most econimic is no fit and can't bid 2NT. 2NT is nat and the less economic shows fit.

OVERCALL OVER 2♦ FLANNERY OR 2♦/♥ MAJORS

(2♦) 2♥ = 64 min >> | 2♠ = Ask 6 minor

| 2NT = Ask, inviting >> 3♣/3♦/♥/♠ = 6♣/6♦ min/6♣/6♦ max

| 3♦ = Max no 5°

| 3♥/♠ = Nat strong

Cue = Majors limit+ at 3 level, 5M+5om gf at 4 level

3Om = Weak with the Om

Jump to 3X = Limit with 5

Same develop over: (1NT) - X - (XX/2X = ♣/♦)

OUR DOUBLE OVERCALL OVER 1MINOR OPENING

(1♣/♦) - X - (P)	1X = Nat >> | Cue >> 2NT limit
	| Fit at level 2 = 15-17
	| Fit at level 3 = Strong with 5
	| Cue at 3 level = Fit GF
	| 3♣/♦ over 0/2 cards = Nat strong
	| 3NT = To play
	| Splinter (3♠ over 1♥ but not 4♥ over 1♠)
	2♣ CUE >> TRF (2♦ = 4♥, 2♥ = 4♠, 2♠ = no M)
	CUE = Inv+, if after bid 2NT is limit with/without stop.
	2NT/3X bid by the double hand is GF.
	2♦/♥/♠ = Nat 5 8-10
	Cue at 3 level = 55M 6-8 or 6♠-4♥
	3♥/♠ = 6 cards 4-7
1/2/3♣/♦ - X	With 4♥-4♠ very weak first bid ♠ and over cue bid ♥.
	With 4♥-4♠ not very weak first bid ♥ and bid ♠.
1♦ Precision	Same as above, and 2♦ = Cue by both side.

MEANING OF 4/5NT IN COMPETITION BID AT LEVEL

1) If we have fit in the Major and the sequence is GF: 4NT is slam try with cue in their suit and 5X is nat, not promises slam try, pass and then 4NT is KC. Pass and then 5x is cue and not cue in their suit. (Same concept when we have minor fit).

2) If we have fit in the major and the sequence is not GF, 4NT shows a generic slam try. 4/5X is natural not promises a slam try. Jump to 4♠/NT is KC

3) If we still not have a fit and the sequence is GF, direct 4NT from opener shows two suit (always ♥ if is an option) if is not possible to bid it at 5 level, because is up of the open suit. Otherwise is choose a game (basically is always same concept).

Pass and then 4NT is KC in your suit, pass and then something in natural slam try.

Direct cue shows a very strong hand in own suit.

4NT bid from partner is choose a game or slam try in opener suit (But not if are involved ♥, that is the opposite)

4) If partner didn't showed a GF hand and he already shows a suit, 4NT shows choose a game (own suit or partner suit) or a slam try in opener suit. But not if are involved ♥, that is the opposite)

Over 1♦ open and then 4NT by partner, 5♣ is oblige >> Pass or 5♦ is slam try (Exception), 5♥ is to play.

5) If partner didn't showed a GF hand, and is first time that is bidding, 4NT shows two suit or slam try in the opener suit.

6) 4NT Bid from the hand that bid double: two suits or fit ISL.

Double and then 4NT is to play over 4m or 4♥.

(2/3♠) - X - (P) - 4♥ - (P) - 4♠ = Ask minor, Isl ♥ and ♠ cue or 1 suited strong

>> | 4NT no 4° minor

| 5m = 4+m*

4NT = To Play

5♣/♦/5♥ = Nat/Isl a ♥ no cue ♠

5NT = Choose a slam (ask to bid 6♥ with 1 card more)

(2/3♥) - X - (P) - 4♠ Nat - (P) - | 4NT = Isl ♠ or minors or 1 suited strong

| Rest is like above

*Over partner answer of 5m >> Cue is KC on the minor and 5NT is KC on the M, other minor is natural.

7) 4NT over a partner overcall is two suits or fit and slam try hand. 4NT and then fit is slam try, 4NT and then cue is Kc in the suit chosen from partner. Jump to 5NT is pick up a slam. Direct cue shows first round.

8) Over 4♠ when 4NT is a generically two suit and ♥ are in the pictures, then 5♥ is Slam try and 4NT and then 5♥ is the weak option

GAZZILLI/DRURY

When we overcall 1♥/♠ and partner bid at 1 level, we play gazzilli: Nat or (13)/14+. 2♦ by partner is 10+. Over Gazzilli we play System On (Over 1♣ opening, when we make gazzilli and then we rebid 2M, it shows 6M 11-13. With M + ♣ and min hand we don't show it)

Direct 2NT is a 64 12+ >> System On. Jump at 3 Level is 55 inviting

When we overcall 1♦, the later bid of 2♣ is 55 weak or cue.

Over 1♦ opening and 1M overcall, the later bid of 2♦ shows 6M 11-13.

Over 1M overcall, the 2M-2 bid is cue (same when we bid 1M in reopening position).

(1X) - 1♥ - (P) - | 2♣ - (P) - 2♦ = Shows opening hand (Good 10+) >> 2NT = GF

2M = Up to 10 >> 2NT = Invite

2NT = 64 not strong >> Ask >> ♣/♦ Min ♣/♦ Max.

3 level shows 55 weak.

| Cue shows other minor NF

(1X) - 1♠ - (P) - | 2♦ = Fit

| 2♣ = Trf to ♥ if is possible (Or trf to ♦ if they open 1♥)

| Cue = The 4th suit remaining

PH is all natural and cue shows limit raise. Over 1♦ Precision, 2♦ becomes c
